To Whom it May Concern

I highly recommend Abhinav Sharma as a candidate for employment. Abhinav worked in our company as a Mechanical Engineer Intern. Abhinav was responsible for researching, identifying product specifications, product design and development of automotive parts.

Abhinav has excellent communication skills. In addition, he is extremely organized, focused and result oriented. Abhinav can work independently and is able to follow through to ensure that the job gets done. He is flexible and willing to work on any project that is assigned to him. Abhinav was quick to volunteer to assist in other projects of the company, as well.

Abhinav would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to his qualifications, please do not hesitate to call me.

Sincerely,

David Sierra
